

Judgment Reserved on Liquor Charge

IMPORTANT CASES REMANDED

Helen E. Pipher of Newmarket, charged by Gertrude Widdifield with assault, pleaded not guilty.

"My mother was looking for a girl, and I knew Mrs. Pipher's daughter was looking for work, so I called Ruth in on Saturday night, Sept. 21, to ask her about it," testified the complainant. "Mrs. Pipher came along and told her daughter to get out. She slapped me and scratched me. I called Constable Sloss in. I have had trouble with this woman before, and reported it to the police. I wanted her to leave me alone and keep quiet. I just warded off the blow. My mother saw the whole thing. Ruth was just shaking all over when she went out."

"Mrs. Pipher grabbed at my daughter, bruising and scratching her," stated Mrs. Bennitz. "She did an awful lot of swearing."

"I was called about 10.15," testified Constable Sloss. "I found Mrs. Widdifield crying. She showed me a bruise on her right arm. The left side of her face was red. I questioned Mrs. Pipher and she stated that she slapped Mrs. Widdifield's face, but didn't take hold of her arm."

"To start with I have had quite a bit of trouble with Mrs. Widdifield," said the accused. "When my son was going overseas she came in my house and said, 'Heil Hitler,' and the things she said about the British and French."

Crown Attorney Mathews interrupted Mrs. Pipher and told her not to go into ancient history. He explained to the court that Mr. Bennitz was born in Germany, had been naturalized and was a good citizen, but Mrs. Pipher had been spreading rumors about them.

War Work Of Institute Reviewed

LOCAL BRANCH RAISES \$225; SENDS MANY SUPPLIES

All who are interested in Home and Country should know these facts about the Ontario Women's Institute.

It is a Canadian Child born at Stoney Creek, near Hamilton, Feb. 20, 1897. There a group of women met and organized an Institute to meet their felt need. The first president and secretary were Mrs. E. Smith, Stoney Creek, and Miss Nash, Stoney Creek.

In September, 1905, eight years later, this movement had spread so that Newmarket learned of it and realized that something worthwhile was being offered to women.

Under Mrs. C. F. Doane, Yonge St., the Newmarket branch of Women's Institute was organized. Mrs. Doane was first president, and is now a life member. Mrs. C. F. Doane and Mrs. E. N. Penrose share the honor of being the two women who have been members of the Newmarket branch for the greatest length of time.

The organization has grown tremendously since that time, and is now universal. The Women's Institute is the second largest organization in the world.

It is a non-political and non-sectarian organization, and is therefore able to function harmoniously. The motto has always been "For Home and Country." Through this organization much has been done to raise the standards of living in the rural sections.

The headquarters of the Ontario Women's Institute are at the Parliament Building, Toronto and is under the Ontario Dept. of Agriculture.

Each year a project is sponsored by the government and is made available to each Institute branch in the district. One delegate from each branch attends the course, and on the completion of this course, the delegate returns to her branch and imparts

Appeals For Equipment For Military Camp

FURNITURE, CHAIRS, GAMES URGENTLY NEEDED

An S.O.S. has been sounded to the people of North York by Major Geary, second in command of the military training centre, which will open in Newmarket next week.

While army headquarters provide the necessities, there are many little items for the boys' comfort that will be found lacking. The urgent appeal is for furniture for the recreation rooms of the three messes—trainees', sergeants' and officers'. Chairs, tables, ping-pong tables and equipment, table games, books and magazines. Look through your attic now and see what you can spare for these boys of ours. Phone this office and we will arrange to have your donation picked up.

The canteen at the local camp is being looked after by the Salvation Army and Capt. Falle is now busy working on the project. The several camps in the district have been allotted to different organizations who are pledged by the government to run the canteen on a no-profit basis. Profits, if any, will be turned in for the benefit of the troops.

The Salvation Army representative will be in charge of the recreational side of camp life in co-operation with the camp staff. A local committee comprising the representatives of various organizations, will be formed to look after welfare work, help provide entertainment and generally assist in making the boys' month's stay in town as pleasant as possible.

Moving pictures so many nights a week will be provided by the government, and looked after by the Salvation Army staff and the personnel will put on concerts, but concert parties from town and district will be one of the big needs. Newmarket Citizens' Band will co-operate and provide music at specified times.

The 30-day training period for these young men, who will be called up from month to month, is going to be hard and strict. It is up to the people of town and district to do their share in seeing that their leisure hours are well provided for.

TEST HOLE SUNK IN NOVEMBER IS FIND

For some time Engineer Rachar, the water and light committee and Reeve Lundy have contended that there was more water to be had near the water-works. This week Mr. Boardwin of Sutton was employed for a day and a half with his equipment, and the result is that the town has an additional supply of 50 gallons per minute, or 72,000 gallons a day. This is a good 30,000 more than needed for the military camp.

The new well was the first test hole sunk by the International Water Supply Co., last November, and it does not affect the wells in the vicinity, or the Colter Street flow across the pond. The Colter Street well flows at the rate of 31 gallons per minute, and with air pressure 64 gallons a minute.

Mr. Rachar is confident that, with a ten-inch casing and pump the new well would produce 100 gallons a minute. There is only a two-inch pipe and a five-inch casing on it at present.

Thus it would seem that the town's water problem is settled for the time being at least.

EDITORIAL

THE SMALL TOWN REPORTER

This is weekly newspaper week. To-day from coast to coast, the weekly press will blare forth with one voice reminding you people that the small town weekly that you so often laugh about is a mighty influence in your community, and as an important a public utility as the electric power, telephone or radio. We are not going to toot our horn unduly. For the past twelve years now we have been endeavouring, through the columns of the Express-Herald, to present the news of the town and district, to give support to every worthwhile community enterprise and to make suggestions we thought were in the best interests to all. Fundamentally your editor is a small town guy, who does not care for the hustle and bustle of the city streets, but enjoys his work of chronicling the daily events of his birthplace. Born on the Main Street, where the Post Office now stands, we love the old town and the people who make their abode here. Knowing practically every family in town and the surrounding district, our constant endeavour is not alone to print the things you want printed, but to keep out the things which, while having a certain news value, would hurt the feelings of you or yours. This is true of the vast majority of weekly editors.

Yes, we believe the weekly press has a definite spot in the life of the community on a par with the church, school and industry. And we know that you enjoy our weekly letter whether you tell us in so many words or not.

It is our hope that the passing years find us at our desk recording the births and marriages of your children's children, and that when the time comes for your servant to lay down his pen and write '30', that the editor of The Era will be able to depict in glowing terms the efforts of this small town reporter.

THE WEEKLY NEWSPAPERS

There can be no blackout of democracy while the Canadian Weekly Newspapers counter-attack propaganda with a barrage of well-aimed facts!

As custodians of a Free Press, we the publishers, editors and staff member of this newspaper enlist all our forces to fight for recognition of this vital issue: A Free Press and Democracy are inseparable. Violate one and you crush the other. Silence one and you destroy the very foundation of the other.

We have tasted one bitter fact from the cauldrons of totalitarianism into which have already been poured millions of live sacrifices: dictators don't begin by using the sword to delude their people; they first use the pen, making the columns of their newspapers the mouth-piece for their ill-directed lies and empty promises.

But such delusion is not for those of us who are honestly, fearlessly, wholeheartedly Canadian. Thanks to a Free Press; and a courageous and wisely directed weekly press, the Canadian people are the best informed in the world. Freedom of the Press is guaranteed to the people by our government and it shall not perish as long as the people maintain a Free Press!

Stand with the publishers of Canada's weekly newspapers in the battle of democracy. With a Free Press as your most powerful weapon against dictatorial despotism, there shall be NO SURRENDER for Canada and Canadians.

A Free Press constitutes the first line of defence in the battle for the maintenance of democracy. The weekly

newspaper is an all-important factor in the upbuilding of the nation because it has such an intimate touch with the homes in the smaller communities throughout Canada.

YOU COULDN'T READ THIS!

The 500th anniversary of the invention of printing by Johann Gutenberg is being celebrated during the present year of 1940, stimulated by the various trade associations and graphic arts groups.

Printing has become as common-place in our lives as the rising and setting of the sun, yet it plays a tremendous role in the lives of every one of us.

You are awakened each morning by an alarm clock which undoubtedly has a printed dial. You arise from bed and dress in clothes that were undoubtedly bought under the stimulus of printed advertisements. Your weekly newspaper was made possible by Gutenberg's invention of printing. The cereal on your breakfast table and the brand of coffee you drink were undoubtedly bought because of merits attributed to them in printed advertising. If you board a train or ride a street car to work, you hand the conductor a printed ticket or transfer. And it is more than likely that the selection of car, if you drive to work, was determined by the statements made in print.

Imagine what chaos there would be in any office or factory if every piece of printing used in industry and commerce were suddenly taken away. Modern inventions which we have come to look upon as necessities could never have become so widely publicized nor so highly developed, had it not been for the service of the printing press.

It is thus fitting that during the current year 1940 we should pay homage to Gutenberg, the inventor of printing, the man who gave mankind its choicest gift. Gutenberg's invention has even made it possible for you to read this editorial—a simple task which few people could have accomplished before the days of printing and rise of popular education.

EVERY WEEK IN THE YEAR

Here is what John Edwin Price, the noted American columnist had to say in reference to the service rendered by the local weekly newspaper.

You had hardly let your first yell on this terrestrial sphere before the local editor ordered the fact of your arrival announced to a baby-loving world.

When you reached the age of three or four and had your first real birthday party with invited guests, your friend, the editor told all and sundry who was there and what a fuss they made over you.

When you got on the honor roll at grade school he let all your admiring friends and neighbors know about it. If you got into any minor scrapes he apparently forgot about them as soon as he was told for he wanted to play up the things which might make you great.

All through your high school course he was keenly watching to see if you did anything worthy of note in athletics, letters or debate. And when you finally graduated he again seized upon the opportunity to put your name in print.

If you decided to go to work then instead of going on to university he heralded the fact in such a manner that made any prospective employers realize that here was an ambitious lad who wasn't leaning unnecessarily on the folks. He wanted all whom it might concern to know that if work was to be done, here was a live-wire all set.

When the supreme object of your heart's desire was won your editor-friend seemed to know about it almost as soon as the "lucky" girl and warned all other aspirants to her sole attention to lay off as he printed the announcement of your engagement. Once more you were the conquering hero, or thought so. The girl may have had other ideas on the subject.

If after that you accomplished anything worthy of note, the world was told in letters bold:

When those near and dear to you were, by death, taken out on "The Great Adventure," the Chief of the Columns apparently forgot their vices, and proceeded to laud their virtues and remind the world of their fine family connections—including you.

When illness overtook you he let all the neighbors know so that mayhap the power of their prayers could be added to the forces of medicine.

And some day (should heptechance outlive you as he has so many others) he, being kind and faithful unto the end, will once more use good paper and ink for you. He will probably tell mankind far and wide that one has passed who was a useful and a worthwhile addition to the race, that you have gone to join the glorious company who have become the "guests of God."

Yes, from the cradle of birth to the casket of death, the Home Town Editor is your friend. He puts you on the map, and if you are worthy, helps to keep you there.

Not all BUSINESS IS BIG BUSINESS

A LITTLE steam lifts the lid of your tea-kettle. A lot of steam drives trains, machinery. Your bank deposit may be little, but it combines with millions of others to make a lot of "steam". It helps to run the nation's machinery of production, marketing, employment, business. It is important indeed to the country's war financing and war-time effort. The money is yours yet it helps provide the credit necessary to move the goods and services of the nation. Canada's chartered banks thus perform functions of great usefulness. They receive the deposits of millions of Canadians, and extend credit to individuals, governments, businessmen and marketing organizations. The small depositor is important to the banks. The "little fellow", popularly so-called, is welcomed by any bank, as a customer.

In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, their useful services—safeguarding depositors' funds; facilitating the nation's business—looking forward to peace with freedom as the only sure basis of enduring prosperity.

PHEASANT HUNTING DATES ANNOUNCED FOR OCT. 25-26

Five hundred pheasants were let loose in the Townships of Markham and Whitechurch this week by the Dept. of Games and Fisheries of the Province of Ontario. These birds, added to those now roaming the district should provide excellent shooting for the annual pheasant hunt which is set for Friday, October 25 and 26 next.

It will be the first hunt in Whitechurch since the township was made a game preserve this year, but for Markham-Township it will be the fourth season since the regulations of a game preserve were applied.

The young birds were brought in crates from the hatcheries, and let free in small flocks adjacent to various woods where they would have a chance of covering in their new surroundings.

Two Broadwayites sat in a restaurant. At the end of the meal one requested a loan.

"Can I borrow \$20 for a week," he asked.

"Sure," replied the other, counting out the money.

As they rose, the latter spoke again. "Remember," he reminded, "that's only for a week."

The borrower turned a vivid red. "You'll get your money," he screamed. "Stop hounding me!"

BIG GRAVEL PROGRAMME PLANNED BY WHIT-CHURCH TWP.

Adopting the recommendation of the Dept. of Highways Whit-Church Township will pay a flat price for gravel placed on its roads this fall of 90c per yard. As the gravel cost 50c per yard at the pit, the truckers will receive 40c for delivering it. The price is not regarded as very attractive for long hauls, but those truckers who make the long hauls will be entitled to the short hauls which is calculated to average out a fair price.

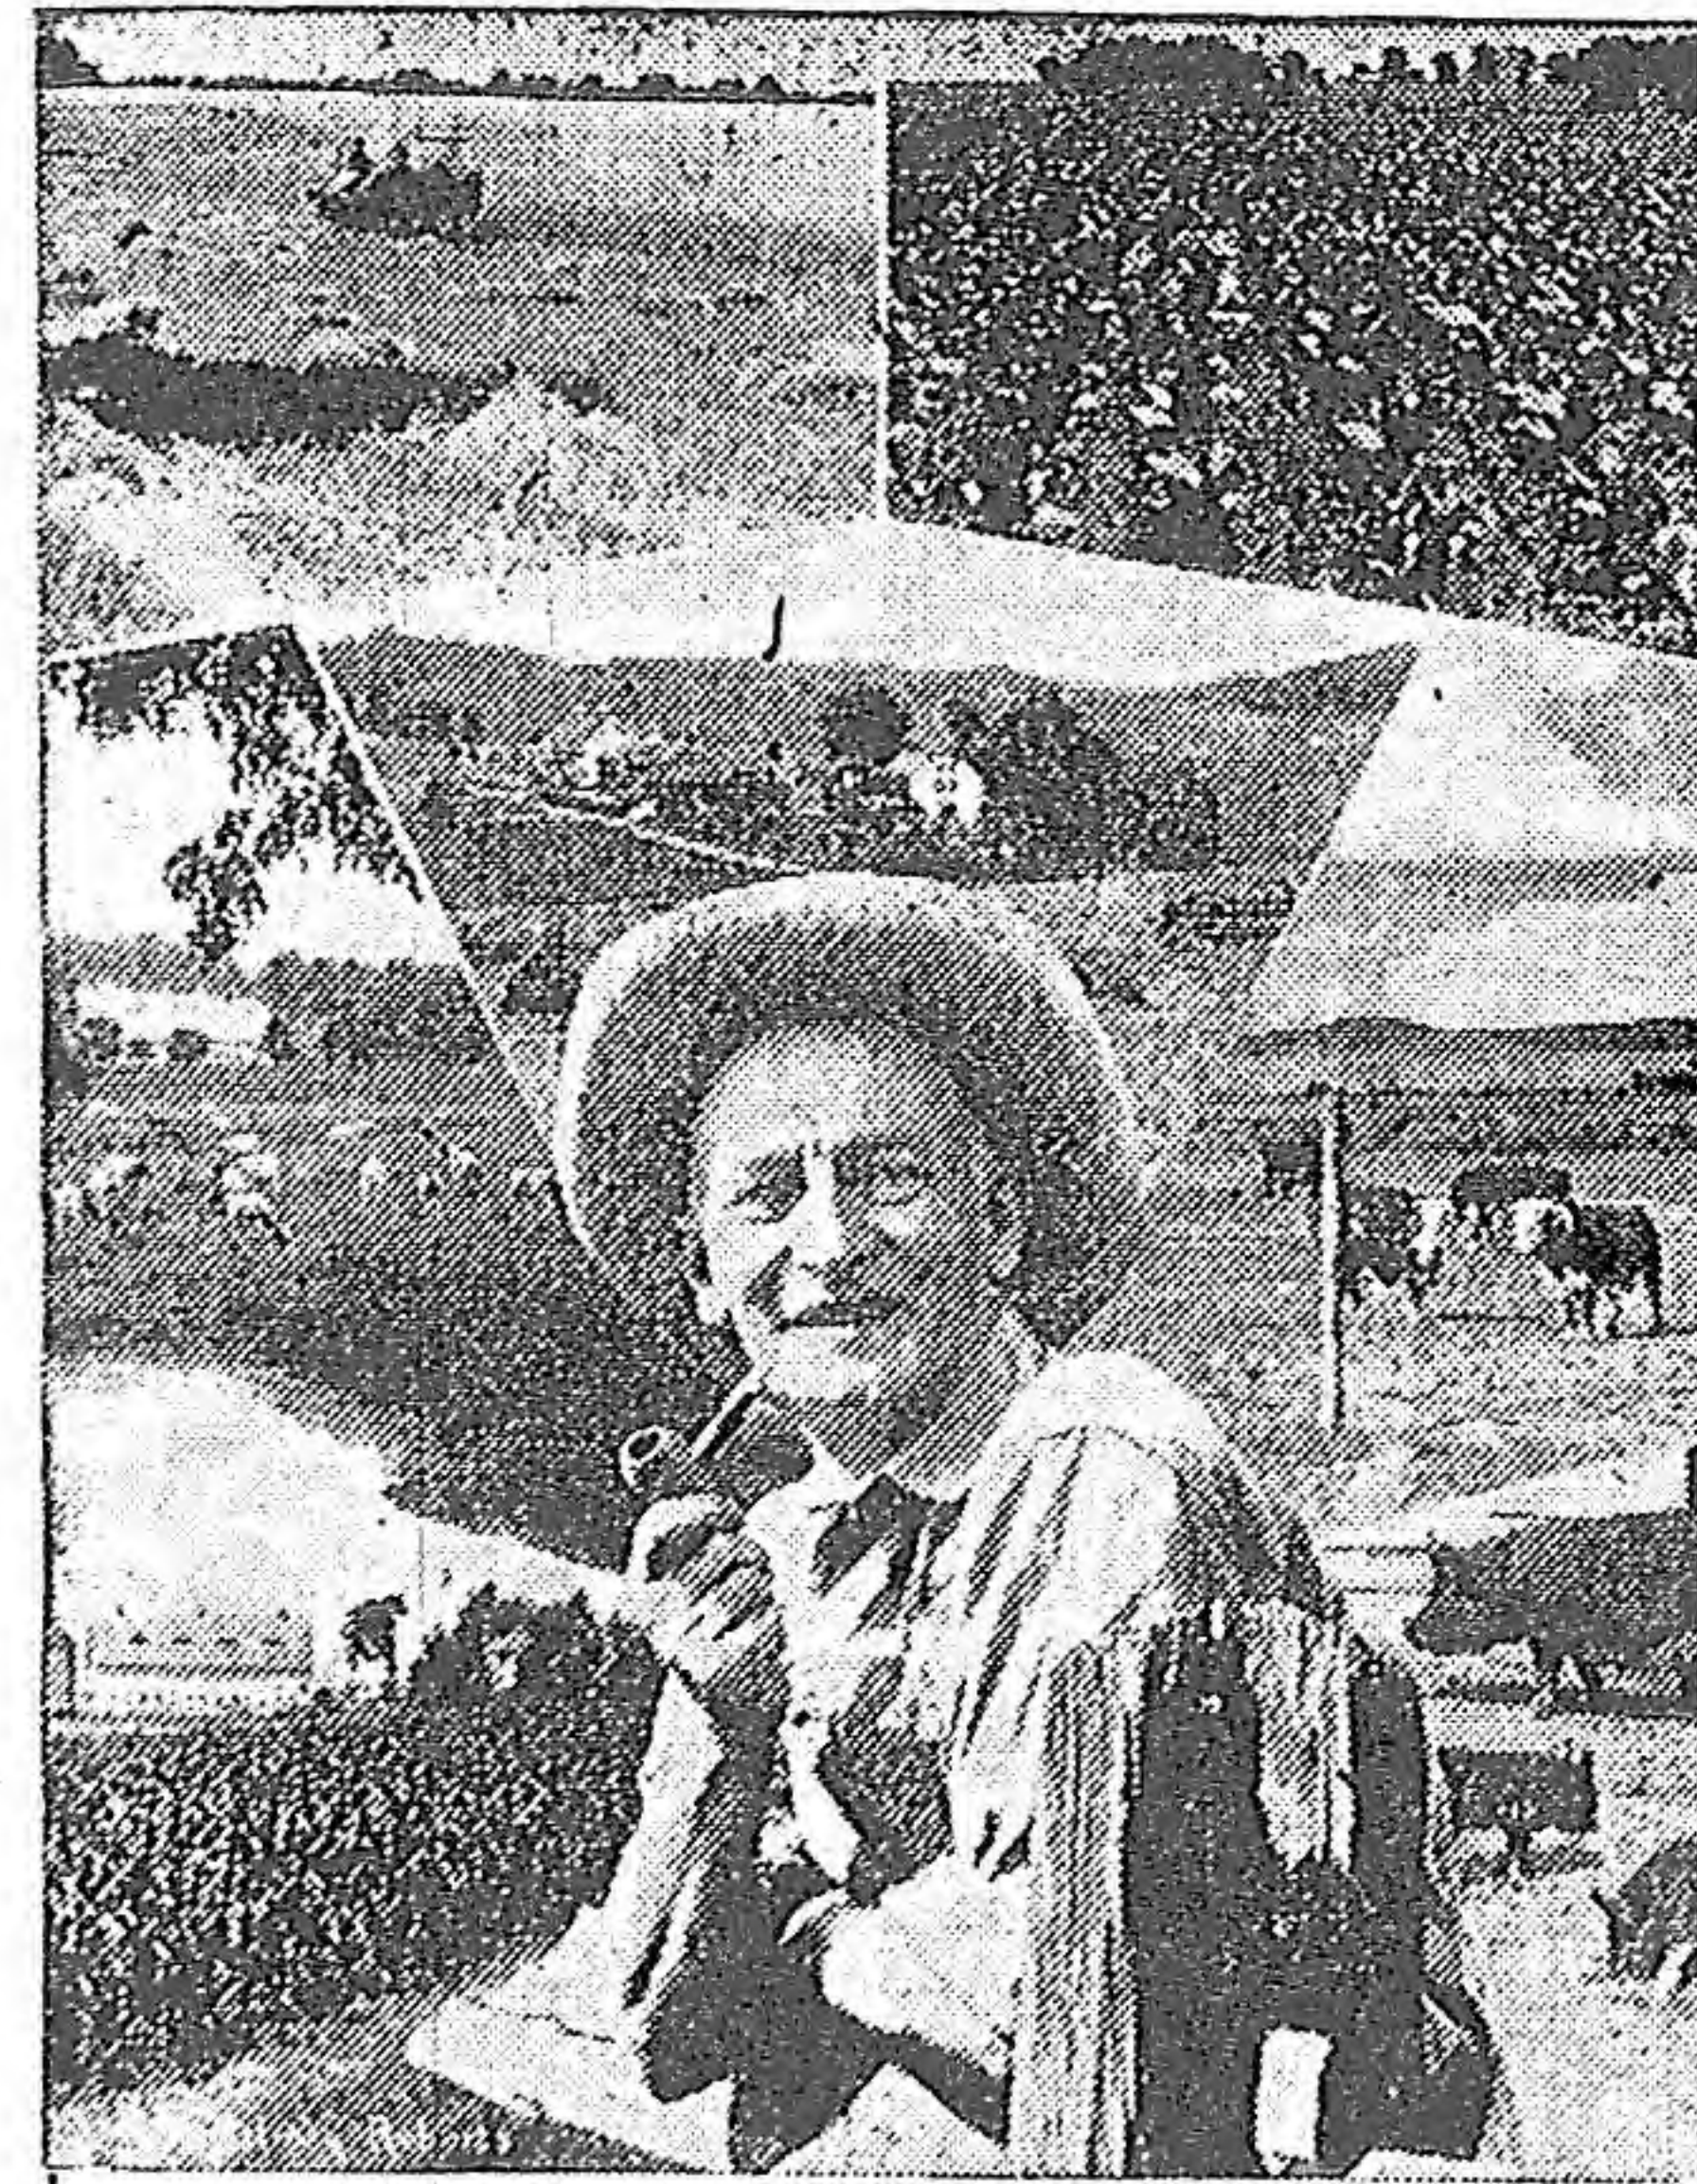

It is expected that between 2,000 and 3,000 yards will be placed on the roads. This considerable amount with the grader work now going on, is expected to place the roads in first class condition again after a rather unusually hard summer.

TELLS OF JOURNEY FROM NEWMARKET IN 1880

Paul Rice in the Huntsville Forester writes: "We have a better conception of the condition of the road between Gravenhurst and Huntsville in 1880 after listening to Wm. Payne, who drove a horse from Newmarket to Huntsville in October, 1880.

"Loaded on the wagon," said Mr. Payne, "were two pigs, 12 hens and a rooster, and at night the horse was tethered to a tree while I slept under the wagon. At Allensville it snowed seven inches in one night and we were delayed for a couple more days.

"On reaching Huntsville, the bridge was raised up to allow "The Northern" to pass through, so our belongings were ferried across on a scow, and we proceeded to Jerry's Lake. We crossed the creek to the Ballantyne grist-mill, and on to Jerry's Lake. Here we had to unload, and transport our livestock and baggage by rowboat to the other side of the lake. From here we had to carry everything to our new home on Winter's Rapids on the Big East River, even the pigs. Sinclair township was then settled like a town, with some one on every lot."

WHITCHURCH FARM OF 100 ACRES SOLD

Located Close to Historic Village of Vandorf East of Aurora

C. R. Purcell Co., farm realtors this week report the sale of 100 acres in Whitchurch township, being the fourteenth lot in the fourth concession and located close to the historic village of Vandorf, east of Aurora.

This farm, located in the once noted white pine timber belt, was originally the Atkinson estate. Seneca Baker, one of the early Whitchurch settlers and a lifelong resident of the district, recalls that white pine trees averaging 30 to the acre and containing about 1,000 feet of lumber per tree covered much of this district.

This early timber was in demand for masts and spars on ocean-going vessels and was drawn by horses to Frenchman's Bay or down through Scarborough township on the old Mast road to the Rouge river and from there floated to Lake Ontario.

About 15 acres of the old Atkinson farm is still wooded and adjoining this is a 10-room timber residence, two basement barns and several other buildings. The vendor is Percy Allen, of Aurora, and the purchaser G. Hoshel, of Richmond Hill, who recently sold his Bayview Ave. farm to G. O. Leitch, of Toronto. Possession will be given in September.

THE COMMUNITY PAPER

Picking up the papers that record the happenings of the little towns around us, one gains renewed faith in life. Here are set forth only that which uplifts a community—the activities of the business men, the church items, the happy social gatherings of the people, the marriages, births, and deaths, farmers' items and all the thousand and one daily occurrences that make up the simple annals of the great common people, who are really the foundation of this broad country of ours.—Papyrus.

W.M.S. HOLD MISSIONARY RALLY AT SUTTON

Miss Winnifred Thomas Is Guest Speaker

The annual rally of the northern section of Toronto Centre Presbyterian Woman's Missionary Society, of the United Church, was held at Sutton West Wednesday, Sept. 25.

In the absence of Mrs. W. J. Thompson, vice-pres. of this section, Miss Annie Bishop, pres. of Toronto Centre Presbyterian, presided.

Mrs. G. W. Wood, Toronto, presented "The Challenge and Opportunity of Special Objects" in the W.M.S. work. Miss Collins of Sutton contributed a beautiful solo, "At the Name of Jesus Every Knee Shall Bow."

Miss Winnifred Thomas, General Secretary of the Dominion Board, was introduced by Miss Bishop, as the speaker of the afternoon. Miss Thomas spoke on "The Need of Missionary Work in Time of War," stressing the demands of our country and of our church.

"A time of crisis calls out for greater loyalty and service." The best service we can give to our country is to carry on the work of the church. The deepest needs are those which only Christ and his church can meet. There is no other medium in Canada to bring various groups to gather into a real national union. We are fighting that we may live as a free nation within the British Empire.

It is essential that the Church of Christ be strong and vigorous. We are committed to carry on in Christ's World Church, and in this way may contribute most to our country.

Rev. Mr. Anderson brought the meeting to a close, after which a happy social hour was spent with the Sutton West auxiliary as hostesses.

There was a good representation present from churches from Aurora to Sutton.

BRITISH-ISRAEL

Last Sunday evening the monthly evening meeting was held in the Strand Theatre at 8.30, after the evening services at the churches were over, Mr. Edgar Webb of Toronto being the speaker. His topic was "Britain's Great Ally," and he gave a stirring address to his many listeners.

Mr. Webb was handicapped by a severe cold, but he gave a splendid address covering the whole situation, and his clear, definite line of thinking and reasoning left no doubt in his hearers' minds that Britain is indeed Israel, and of the ultimate result since God is Britain's Great Ally.

Mr. Webb will go far in British Israel circles, and as always, was a welcome visitor to Newmarket.

Rev. E. J. Springett has returned from his western trip and will be heard in person over CFRB next Sunday.

BY GIRL FRIENDS

Edith and Mary McClymont en-
tertained at a china shower in
honour of Miss Thelma Price, a
popular bride of this month.

To the strains of the wedding
march, the bride was ushered to

and pink ribbons, which formed
an arch where a large basket was
filled to capacity with gifts.

A delightful lunch was served
in the dining-room, which was
beautifully decorated in pink and
white. The tea table, attractive
with its silver appointments, was
presided over by Mrs. H. Price,
mother of the bride, and Mrs. J.
A. Maitland.

Everyone joined in making a

groom's life, to be kept as a me-
morial to the happy day.

JUDGMENT RESERVED ON LIQUOR CHARGE

Continued from Page 1, Col. 1

Magistrate Woodliffe bound both Mrs. Widdifield and Mrs. Pipher over in the sum of \$50, to keep the peace for one year.

A charge of swearing arising out of the same case against Paul Bennitz was dismissed.

Mrs. Pipher, the complainant, testified that after the trouble with Mrs. Widdifield was over, and she was going home, her daughter called to her that she was wanted. The accused came up to her swearing, and told her to leave her hands off his daughter.

Mr. Bennitz denied swearing, but stated that he merely warned the woman to leave his daughter alone. When an older daughter of Mrs. Pipher's, who was standing with a three-month-old baby in her arms, asked her mother to go home, Mrs. Pipher struck her across the face.

"When she called me a fool, I hit her a little slap," admitted the complainant.

Eleven-year-old Margaret Swan was the only witness called. "I was just going home and heard the racket and says to myself 'What's going on?' and went down to see," testified Margaret. She stated that she didn't hear any swearing.

Harry Kitchen of Schomberg, charged by Constable Fleury with driving while intoxicated and careless driving, and charged by Constable Gus Farquhar with illegal possession, pleaded not guilty at Newmarket Police Court on Tuesday.

"On Monday, Sept. 16th, from information received, I went to Schomberg about 6.40 p.m., testified Constable Fleury. "About 9.40 p.m. I saw a car proceeding south on Main Street of Schomberg, wavering a bit. I called the driver by name and told him to stop, and he stepped on the gas and pulled into the laneway. I jumped on the right side of the car and took the keys out. Kitchen got out and leaned up against the car. On the front seat of the car I found a part bottle of liquor. I noticed alcohol on his breath and he was in no condition to drive a car. I took him to Aurora to be examined and by the time we got to the doctor, which was three-quarters of an hour later, some of his intoxication had disappeared. Constable Farquhar was with me at the time."

"That is a bad laneway he turned into? asked defence counsel W. D. Horkins of Toronto.

"Yes."

"And he didn't bump into anything going in?"

"No."

"But you did?"

"No, that was going out."

"Then he made a better job of it than you did."

"Did it occur to you to have him examined by a doctor in Schomberg?"

"He's pretty well known there."

Constable Farquhar gave the same evidence as Constable Kitchen and swore that Kitchen was under the influence of liquor. He said that he suggested not taking Kitchen to the home doctors because he didn't believe they would care to have the job.

"The accused was brought to my office between 10.30 and 10.45," testified Dr. Williams. "I tested his powers of co-ordination. He had the odour of alcohol on his breath and admitted drinking. His power of co-ordination was not bad. He walked fairly well. There was no particular slur on his speech. He answered the questions I asked him fairly well. In my opinion he was under the influence of alcohol, and alcohol and gasoline do not mix. When a person is under the influence of liquor he should not drive a car."

Kitchen stated that there was considerable play in the steering wheel which might cause the car to waver. He had just had about an ounce and a half of liquor and was not intoxicated. He had also had a couple of pints of beer in the morning.

"Did your wife try to stop you from going?" asked Crown Attorney Matthews.

"No," replied accused.

"Didn't she tell you that you were in no condition to take the car out?"

"No, not then. She might have in the morning."

The following is a report for your approval of the year's work of the War Work Committee.

125 prs. Sox, 24 sweaters, 17 wristlets, 13 helmets, 11 prs. mittens. These have all been distributed amongst our local boys in the army overseas.

Six sailors' scarfs donated to the Salvation Army to assist with their work in the navy.

One bale sent to the Red Cross headquarters in Toronto, consisting of 36 prs. pillow cases, 12 abdominal bands, 16 triangle bandages, 19 ice bag covers, 19 hospital gowns and a donation of \$25 to the local Red Cross branch.

The majority of the Institute members are also paid members of the Red Cross Society.

One of the responsibilities the Institute has taken upon itself for the duration of the war, is to work in conjunction with the Veterans, and see that one box per month is packed and shipped to each local boy serving overseas. (This work is similar to the Field Comforts of the last war).

The Veterans supply all the contents of the boxes, except the knitted goods. The Institute women have undertaken to see that all the boxes are packed, taped, sewn up in factory cotton labelled and addresses waxed for shipment, so that water will not obliterate the name.

For variety sake and with the hope of a pleasant surprise to the boys, each month the box is made up slightly different.

This is a sample of the contents of an overseas box as shipped jointly by the veterans and Institute women.

1 lb. canned butter, 1 can tomato juice, 1 can peaches, chocolate or chocolate syrup, cheese wafers, meat sandwich spread,

lifebuoy soap, razor blades, pipes shoe leas, stationery, handkerchiefs, and knitted goods, such as Sox, sweaters, helmets, wristlets. Now that cold weather is at hand more sweaters, helmets and mitts will go forward.

In May 17 boxes were shipped, in June 15 boxes (two boys returned), in August 21 boxes, in September 29 boxes.

Each month there will be more boxes to be shipped. In preparation for this the women of the Institute are holding a large fair in the Market House October 17. You are all asked to keep this date in mind, and you are also cordially invited to attend at 2 p.m., when the doors will be open for business.

There will be many useful and necessary articles for sale, as well as a general market booth, run by the rural members. Practically all foodstuff either grown or raised on the farm will be offered for sale. As the supply will be limited, it will be well to market early. Eachure will be played in the evening at 8 p.m.

There will be a gift shop and a very fine display of handcraft. Some of these pieces will be for sale, some will not. Do make a point to see the handcraft, it promises to be most interesting.

At 3 p.m. Mrs. H. M. Aitken, of the Cooking School of the Air fame, will be with us. She will speak to the afternoon tea guests. (reserve your table) on a subject of great interest to all women.

Mrs. Marie Lyons Draper and her Glee Club will entertain with several musical selections at the tea hour, upon the conclusion of Mrs. Aitken's address.

ADVERTISED GOODS

People know more about advertised goods than about those that are not advertised. If you ask what is a good thing to buy for some need, people will usually quote some widely advertised article that everyone has heard of. If you ask about some competing article that is not advertised, they will usually say they never heard of it, consequently they are not likely to buy it.

People not merely buy the advertised goods they have heard of, but they are more likely to buy at the stores that are well advertised. These concerns appear constantly before the public eye by their widely read notices. A concern gets a big advantage over its competitors by the relatively small expense of advertising.

The evening's entertainment will begin at 7.30 Standard Time. The admission will be a gift suitable to put in a soldier's box to be sent overseas.

Next Sunday, October 6th, Miss Collins, student pastor of Bethel and Egypt charges of the United Church, will occupy the pulpit of Keswick United Church at the morning service. Rev. Mr. Lapp will have charge of the evening service.

All services of the United Church will be on Standard Time. On Sunday, Sept. 29th, the morning service of the United Church was in charge of the Sunday School. Donald and Gordon Winch took up the collection. The theme of the service was the "Miracle of the Feeding of the Five Thousand by the Five Loaves and Two Fishes," the gift of a small boy. "Why?" she inquired.

The members of the Junior Red Cross of Bogartown school are collecting Camay soap wrappers, Crisco labels and Chippy box tops, and would be glad to have any members of the community using these products, save the labels, wrappers and box tops as the Proctor and Gamble Co. are offering cash for them, the money to be used for charitable purposes.

Things
 "Giving Pleasure"

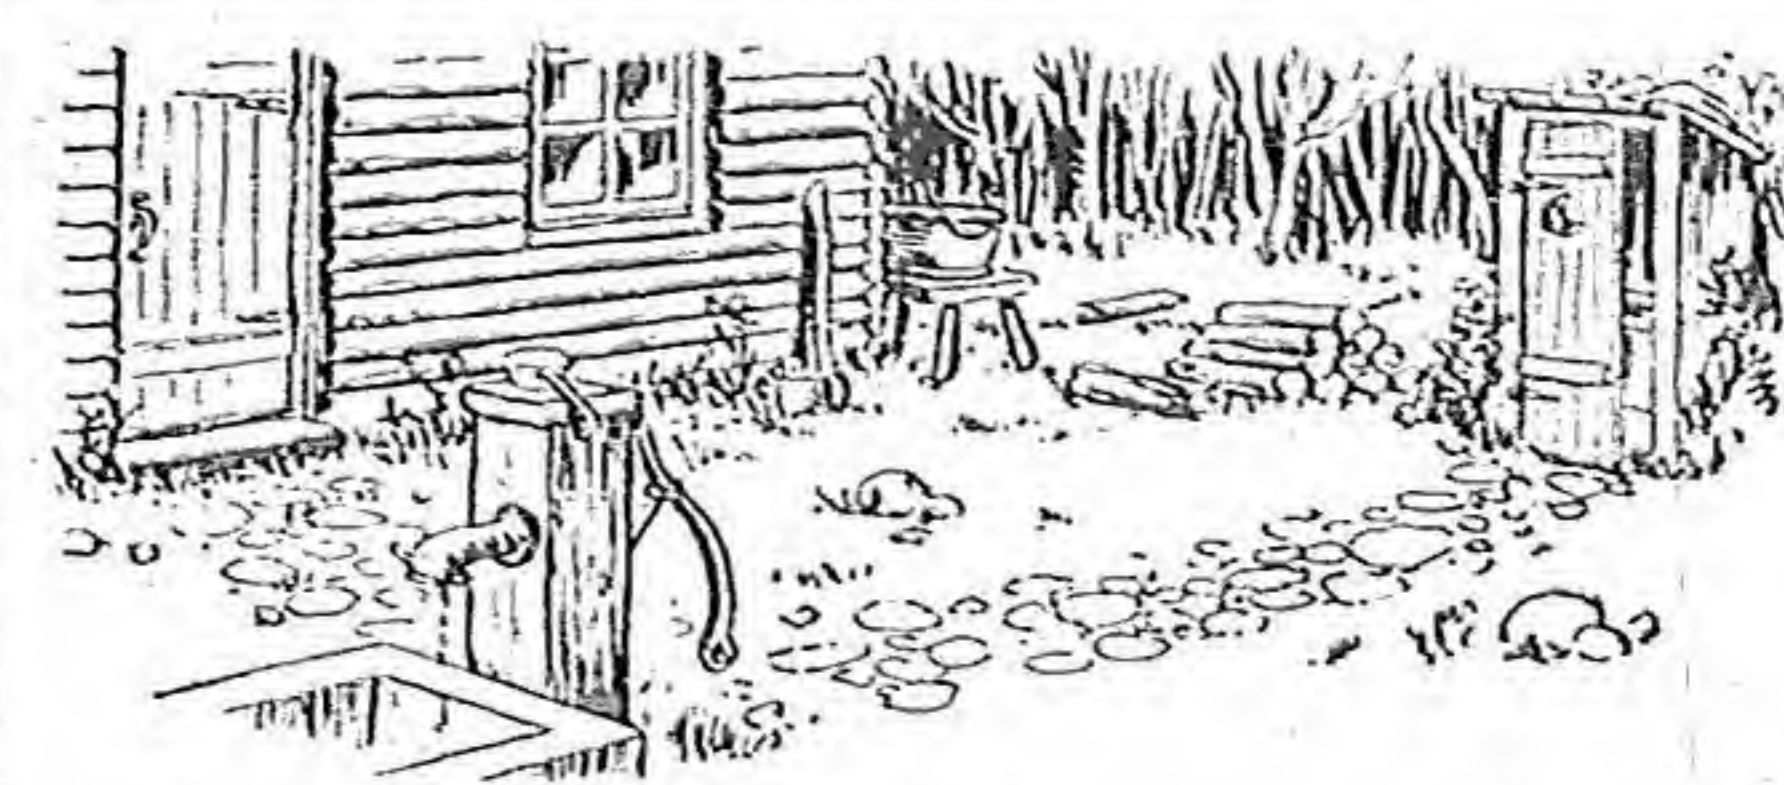

When you are sick and lie in bed, while dismal thoughts fill through your head, though eyes and nose and bones all sore, and water from your eyes does pour, yet you can conjure up a smell, when friendly deeds your thoughts beguile. For to the bed where you lie still, with first a fever, then a chill, comes such a glowing, lovely sight, you feel a thrill of real delight, for there's a glowing gorgeous mass of autumn flowers, that soon must pass, but ere they pass, they've left with you a sense of friendship sweet and true.

Or maybe it's a box of fruit, that seems to go right to the root of that uncomfortable sensation, that kills all feeling of action and makes you wonder if at all, you've left one friend great or small. But when the peaches, blushing red, and oranges glisten from their bed, mid grapes of black and green and white, you just can't help but feel delight.

And though your bones may ache on still, you feel some backbone in your will, and think that maybe some day soon, perhaps before another moon, you'll pull yourself with might and main from the "slough of despond" again, and this great miracle been wrought because some friend or neighbor thought, that they would do a kindly deed, which is indeed a neighbor's creed. And so, the smallest kindness done, can brighten life just like the sun.

A farmer had a city lad work for him. The lad was called one winter morning before dawn and told to harness the mule. He did not light a lantern, and in the dark he didn't notice that one of the cows was in the stable with the mule. The farmer, impatient at delay, shouted: "Billy! Billy! What are you doing?"

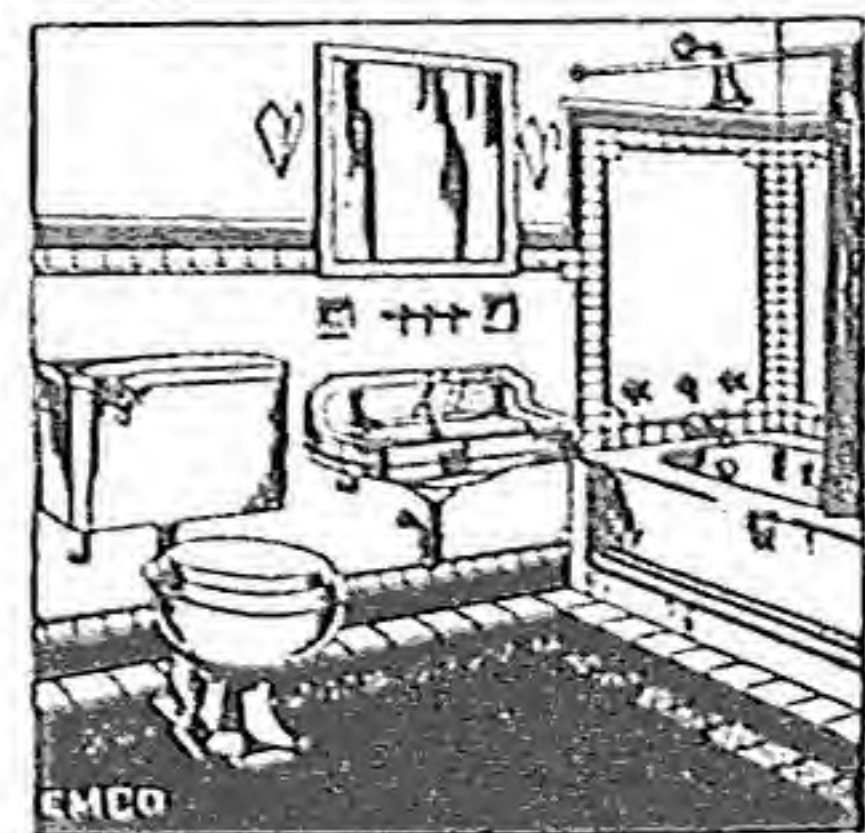

"I can't get the collar over the mule's head," called back the boy; "his ears are frozen."

Letters From Overseas

Each week we are pleased to publish letters from our soldier boys overseas. If you have any overseas mail from the lads or relatives in England, would you kindly send them in.

The following letters are from Don Lyal, Art Brymer, Jack Harman and Jim and Ross Blencowe.

Somewhere on the Water, Sept. 3, 1940.

Dear Mother and Family,— Well, folks, we are well on our way, and expect to land tomorrow or Thursday. I hope you are all in the best of health.

How is "Cuddles"? I hope she is a good girl and that John and Bruce are good boys. I guess Ferg. is still working and growing as much as ever.

Well mom, how is dad doing? We have a nice time on the train, and the food was extra good, just like the Royal York.

We are on "D" deck on the boat, and four of us in a cabin a good size. We have hot and cold water. The beds are real good, and we sleep all day and night.

We have one hour of drill and life-boat drill every day. Some of our boys from "R" Coy. were taken off the boat the day we left as one or two of them had scarlet fever, and I guess the twenty or so of them are pretty vexed.

We left dock on Tuesday, Aug. 27, at 2 p.m. They gave us all a £1, 50 cigarettes, a chocolate bar and a package of gum, so that is pretty good. The cigs. were from the Y.M.C.A. The money out of our pay, of course. We got \$4.40 for our £. I invested mine in cigarettes as they cost 30c for 50 on the boat, and sky high overseas. Cigarettes worth 3d on boat cost about 6d on land overseas, so I think a did right.

American cigarettes cost 15c for 20, so they are cheaper here on boat than in Canada, but very dear overseas. I wasn't sea-sick on the trip, but I had a tooth out last week and feel O.K. now. I have two more to come out when I land. The water has been like a small pond all the way across, but its kind of rough and very foggy today. We had six troop ships, one battleship, two destroyers all the way from Canada, but today we met a convoy from Britain and there are five or six more, but can't see them for fog.

Well, I guess that's all the news

for now. I'll write as soon after we land as I can. Tell "Cud" to be good till I get home, and I'll send her a souvenir when I get on land.

Your loving son,
Don.

Lenther Head, Eng.,
Sept. 11, 1940.

Dear Sister Hilda,— It gives me great pleasure in answering your most kind and appreciated letter that I received to-day. Glad that you are all well, as this letter leaves me the same.

I am glad that you received the cards that Reg. and I sent you, and that you like them. I hope you do not think that I have forgotten you, for I have not, for I always think of you all at home and wish that I was home with you all.

We are having very cool weather in the day time, and it gets cold at night, for I am writing you this letter with my overcoat on, for I am on night duty this week, and we are still in the open and sleep in tents yet.

Well, how to give you a little hint of what it is like over here while I am writing you, the Ack-Ack guns are firing, and the planes are overhead, but they do not worry me any, and don't you, for I am alright, and I know you are.

I have had a good time lately, as you can see by mother's letters, for I have been out to tea a lot lately.

I am glad that you had a good time when you were up at Bob's and Jennie's with mother and dad. Well Haw, I received a letter from Libbie and Norm., and they were all fine at the time of writing.

Well sis, old dear, I think you are a good girl to take the money you earned and bought your shoes with it instead of spending it foolishly. You tell Mary and Grace that I hope they get a job at Dixon's, or one some place else.

Well sis, I will have to bring my letter to a close, for I want to write to mother, and leave some news for her. So I will say so long for now. Oh, yes, you are the fourth handsome Harman of the girls.

From your ever loving brother,
Jack.
The second handsome Harman.

54 Lincoln St.,
Kingsthorpe, Northampton,
Sept. 12, 1940.

Dear Mrs. Harman,— Thank you so much for your kind letter to me, I was more than pleased to hear from you. Reg. and Jack have told me so much about you and the family. They came on leave in July for seven days, and I am sure they enjoyed themselves. I used to let them sleep as long as they liked in the mornings, and they really enjoyed the food. I did my best for them and gave them a good wash-up with the socks, etc.

Reg. used to make me laugh when he told me how he washed his shirt. They were good boys Mrs. Harman and behaved themselves well. They sure are two sons to be proud of. I haven't heard from them since they went back, but they were expected to be moved, so perhaps that is why.

I should like to send my kind regards to Mrs. R. Harman and mammy, hoping they are both well. Reg. showed me all the snaps of you and the family, and the baby looks a fine little fellow.

I do wish this wicked war would end. We are just beginning to realize here there is a war on. We get the German planes over here, and the sirens go, and we have to get up sometimes from 12 o'clock until 3 in the morning, and go in the air-raid shelter, which we have in the garden. I have to wrap the children in blankets. We have no time to dress. Bombs have been dropped quite near, we hear them quite plain.

They are building air raid shelters in the streets now. I am sure it makes you dread the winter coming.

Well, Mrs. Harman, you will see I have enclosed two snaps of your boys, which I took in the garden the day they were going back to camp. I think they are very good, so now I will close my letter, hoping that God will spare your boys and bring them safe home to you, and give you health and strength to welcome them to good-bye for now. I should like to hear again from you soon.

Your sincerely,
Mrs. Britten.

Somewhere in Iceland,
Sept. 3, 1940.

Dear Mother:— Was real glad to hear from you so soon again. The mail just came in about five minutes ago, the second in two weeks.

It was real nice of you to think of Phil, and I expect a parcel would be greatly appreciated by him. He has been temporarily placed in Brigade H.Q., but his address is the same as mine, except for his number, which is B67055.

Everything is coming along fine up here, and there is absolutely no cause whatsoever to worry. As yet, we are sleeping in tents, but expect to be moved into huts anytime now.

Yesterday (Sunday) we had a parade to commemorate the first anniversary of the Royal Regt. on active service. There was a speech by Major Jones, the second in command, and he spoke of the colonel, who is in the hospital.

Helen must be getting to be a pretty good driver (not that she was otherwise) by now. She certainly is getting plenty of practice, driving up to Sudbury and everything.

By the way, tell Winnie I am sorry for not writing, but will write sometime this week. We

are kept fairly busy and haven't a great deal of time to ourselves. Please give her my love and tell her not to do anything I wouldn't do (which isn't very much up here).

Hoping you and the folks are well, with love,
Your son,
Art.

P.S.—Please excuse the pencil and the scribbling. Am writing this by the light of a little coal-oil lamp I bought in one of the towns near here, and on my pillow. Give my best to grandpa and tell him that I'll keep that date to go fishing with him next summer.

Somewhere in England,
Sept. 10, 1940.

Dear Mother and Dad,— Just thought I would write and let you know we are fine. We just got back from our five-day landing leave, and we had a wonderful time. Our cousins were very glad to see us, and treated us wonderful.

In Banbury a lot of the people had never seen a Canadian, and most of them had never seen any Scotch Canadian, as they call us. One of our cousins works for the two old maids who own and run the Brown Cake Shop, where the famous Banbury cakes come from so when they heard we were from Canada, they asked us to come and see the place.

It's an old, old place, built in the year 1638. They showed us the old fireplace and ovens, and told us all the history. Our cousins live in villages just outside of Banbury, and one is the oldest and quaintest place you ever saw. We have a few thatched roofs in England, but over half the houses are like that in this village. It has a very old church, but in the other village, there is a church built in the year 1300. So you can see that it was a very interesting place, besides the people being so nice. All the people were nice to us down there.

The streets and highways are all so narrow, and they never run straight.

This is about all the news that I can think of now. So long,
Jim and Ross Blencowe.

JUDGMENT RESERVED ON LIQUOR CHARGE

(Continued from Page 1, Col. 7.) This case was remanded to October 8th for judgment.

Clarence Sedore of Keswick, pleaded guilty to a charge of failing to register motor vehicle and not guilty to a charge of careless driving.

On Sunday, September 15th, at 2 a.m., in company with Constable Rye, I was at the approach to the Richmond booth at Jersey," testified Constable Carl Morton. "The accused was across the road at Cameron's booth.

This spot is well lighted and I had a clear view. I observed a 1927 Chevrolet parked on the west side of the highway. Clarence Sedore got in the car, also Ross Curtis and two ladies. One of the ladies sat between Sedore and Curtis and the other on Curtis' lap. We intended to follow this car. Sedore backed out and started to drive south. He just went a few feet when he crashed into a car driven by Clark Grieve of Agincourt, who was on his own side of the road going north. Sedore lost control of the car and sideswiped Grieve's car, badly damaging it. Sedore had been drinking."

"I was just going north to the cottage, had crossed the bridge and Sedore came right over, taking the front fender and running board off, and damaging the door," stated Clark Grieve. "I was on my right hand side of the road."

Constable Rye corroborated Constable Morton's evidence, but stated that the accident took place on the north side of the bridge.

"I started on my own side of the road and saw this car coming," said accused. "His lights were so bright I couldn't see where I was going. It was raining and these two girls asked us for a ride home, otherwise I wouldn't have taken them."

This case was adjourned a week in order for accused to bring another witness in.

A charge of assault against Mrs. Lucy Carlisle of the Township of Whitechurch, was dismissed. The evidence in this case was heard two weeks ago. This week Jean Cruickshank of Oak Ridges, came forward and gave a voluntary statement.

"Mrs. Rich was not hit at all," she stated. "The evidence I gave two weeks ago was not true. Mrs. Rich told me to say that Mrs. Carlisle hit her. I did it to save her. Mrs. Rich rubbed her shoulder to make the marks. Its been worrying me ever since. Mrs. Carlisle just pointed her finger at Mrs. Rich. I went down yesterday and told Mrs. Carlisle what I was doing."

"I can tell you why Jean changed her story," said Mrs. Rich. "She got mad at me a week ago Saturday night because my husband and I wouldn't allow her to go around with a married man. Her mother is dead and I tried to look after her. I told her the Children's Aid would get after her if she didn't watch her step."

"So you have been trying to look after her?" asked the Crown.

"Yes," replied Mrs. Rich. "Have you been giving her liquor?"

"No." "Did you make her take liquor?"

"No." "Do you give liquor to your little boy?"

"No, they all had liquor that afternoon."

"I am not satisfied in this case that an assault did take place," ruled His Worship. "I am going to dismiss the charge."

F. H. Mitchell of Ringwood, charged by Constable Ferguson with attempting to pass, was fined \$5 and costs.

The officer testified that accused was passing a truck just before he reached the brow of a hill and he had to apply his brakes and pull over to the shoulder of the road to avoid being hit. There is a solid white line down the centre of the road.

"I was called to the side of the road by this courteous young man, and I think my trouble was that I was too slow in pulling in," admitted accused. "I never pass cars on a hill. I really passed on the level."

C. Gary McKenna of Toronto, pleaded guilty to a charge of careless driving and was fined \$5 and costs.

On August 17th, at 3.45 p.m., in the Township of East Gwillimbury, I observed a car driven by McKenna," testified Constable Ferguson. "I followed it for a mile at 60 miles an hour, cutting in and out of traffic on several occasions and going on the shoulder of the road. When I stopped him he gave an explanation that his wife was seriously ill up north. He had been drinking and I wouldn't let him go any farther until he had some coffee. I phoned and found out that his explanation was correct. I was satisfied that he was alright and let him go on. His nerves were in bad condition."

"I had a drink before I got the phone call about my wife," admitted accused.

Henry Woodley of Toronto, charged with failing to remain at the scene of an accident, driving while intoxicated, and dangerous driving, was remanded until next week. Bail was set at \$500.

Walter Nesbitt of Aurora, was remanded until next week on charges of careless driving and dangerous driving.

Charged with speeding by Constable McCallum, Wallington Trading Co., Toronto, paid \$8 and costs. Robt. A. Hollenbeck of Toronto, \$8 and costs.

Ruth Rawlins of Toronto, charged with speeding by Constable Mount, was fined \$8 and costs.

A. E. Depalma of Toronto, charged with speeding by Constable Sloss, was fined \$12 and costs.

Newspaper Week

By Golden Glow

The editor tells me this is newspaper week! Naturally that makes my mind run back to the early days of my girlhood, for one of my earliest recollections is the weekly local papers. Yes, I say papers—plural, not singular—for always so far as I know, we have had two local papers in our town.

When I first heard of this paper it was called "The Reformer," and if my memory does not play me false, it was run by an uncle of Prof. Arthur Oliver, Mr. Ratcliffe, a son of whom, Mr. Harry Ratcliffe, lives in Toronto at the present time.

How I recall this so vividly is because Miss Oliver and Miss Marjory Ratcliffe used to sing duets at local concerts, and Byron Oliver played the accompaniment. They were gifted artists, as is Prof. F. Arthur Oliver, who is attached to the Toronto Conservatory of Music in Toronto, and were always in demand, and when it was a question of music.

The Reformer's headquarters was in the west end of the Imperial bank building, on the corner of Main and Boisford, with a door going in from the entryway that leads up a stairway (and well we all knew it) to the "dental parlour" and to Lawyer Widdifield's office. The door was on the west side, just before you mounted the stairs, but I never recall having been in there.

Then Mr. Herb Binns bought

it and carried on in the same premises. It was Mr. Binns who changed the name to the Express-Herald, and he kept the paper up to a high standard until he in his turn, sold out to carry on in the same line down in Montreal, until his death a few years ago.

Then Mr. J. D. McKay bought it and moved it over to Main Street, or I think it was Mr. McKay. That was during my school days and we take everything for granted in those happy carefree days! He was part of Main Street and we accepted him as such! He had been the science master at high school, but evidently preferred journalism, and I understand he made a great success of his paper. In fact, I believe it was under him that the two local papers became partisan—one Liberal, and the other Conservative. I do not mean that the Era had not always been Liberal—indeed it always had, but I do not think the other paper was extreme for the other side, till then, when Mr. McKay came out strong for Colonel Lennox.

Extreme party politics seems to be a thing of the past, so far as our two local weeklies are concerned—and we have what Mr. Andy Clark calls "Neighbourly news." We all listen to him every Sunday morning at 10 o'clock over CBL, and are as pleased as a little puppy-dog with a nosegay tied to its tail if he mentions either our Express-Herald or our Era, or maybe both in his broadcast. If by some queer chance he should read this he may think I don't know much about my subject—and I'll have to confess I do not.

It is as I said before, we just take certain things for granted, and never stop to consider their origin. But the weekly papers have always been a part of my life, since I can remember. Why, before I went to school, I can remember going with other girls to the Era office on Thursdays, around four o'clock, to get the paper, fresh off the press, so the homefolk shouldn't have to wait till it came through the mail that evening, or next morning, if the postmaster hadn't time to put them in the boxes.

And that recalls Mr. Erastus Jackson, who founded the Era, father of the late Mr. L. G. Jackson, who served the town so faithfully for a great many years, and from whom the present owner, Mr. Andrew Hebb, took over. I have heard it said that Mr. Erastus Jackson began his paper in that building at the north end, across from the residence of the late Miss Josephine Sykes, on the southwest corner of Main and Ontario Streets, in the early, early days of our town, but my first recollection of the Era office is the spot where it now stands; and as I said before, going there on a Thursday afternoon to get the paper, limp and warm off the press.

Mr. Erastus Jackson, who ran the office at the front, used to take us in to watch them printing the paper, and it had a fearful fascination for me; the clatter and the noise nearly deafened you, and it always seemed half dark there. (I suppose it was getting dusk about four o'clock), and there we stood, a frightened, fascinated line of little folks holding each other's hands, waiting for our papers. Mr. Jackson would go over to the huge monster that waved and thrashed its arms back and forth, taking the paper off the rollers, where the late Mr. George Muir stood calmly removing them, and passing them back to another man who folded them. They all smiled reassuringly at us, but we were too terrified to go near it.

It was in the same way we used to love to stand in the door of the blacksmith shops, Mr. Manning's, Mrs. Fierheller's and Mr. Dolan's, and watch them at work, but we never dared venture past the open door. But queer to relate, I loved the smell of printer's ink, and I do yet! That was the part that fascinated
